4. Stand Firm. You may have apologized and be going all out to help your customer, but you don't want him to walk all over you. If he's factually wrong or if he's not letting you get a word in, you may need to be more assertive to get your message across.. If you're a team manager, your team member may ask you to step in to help resolve the situation.

Definitions. This higher-level cognition was given the label metacognition by American

developmental psychologist John H. Flavell (1976).. The term metacognition literally means 'above cognition', and is used to indicate cognition about cognition, or more informally, thinking about thinking.

### **Metacognition - Wikipedia**

A Course in Miracles is all about forming and reinforcing the practice of receiving and extending miracles. This is the journey Home. This is the core of our reawakening to the strength and peace of God that has never left us. We have just temporarily covered It up by putting our faith in the false ideas of believing in bodies.
