FAQ : Honda Swap Combinations- What Fits What - Part 2

I am now looking to swap a new engine into it, as I love the 3g prelude. I was originally looking to put in an h22 but I've heard that this screws up the weight distribution ruining the car's awesome handling, not to mention it costs around 4k-4.5k and is a real headache to install. So I am now looking at alternative engines, and I am leaning ...
